Legume Generation (Boosting innovation in breeding for the next generation of legume crops for Europe) has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement No.101081329. It also receives support from the governments of the United Kingdom, Switzerland and New Zealand.

Dear partners,

We are pleased to invite you to our upcoming **Open Field Day**, which will take place on **Friday, 29 May 2026 at 14:00**, at the **Rimpertsweiler farm near Lake Constance** and organized by the Keyserlingk-Institute.

In addition, you are warmly invited to participate in the **Winter Lentil Day** on **Thursday, 28 May 2026**, at the same place but in another Project (WiLGeR) where project partners will present their work and exchange knowledge.

During the field day, we will present our **trial activities, screening work, and breeding plots** for both **summer and winter lentil**, followed by **indoor lectures** from scientists and practitioners.

### **Agenda – 28 May (Winter Lentil Day)**

**10:30 – 12:00**

Project partners' presentations (30 min each + 15 min Q&A)

**12:00 – 12:30**

Guest lecture

**12:30 – 14:00**

Lunch with lentil varieties tasting

**14:00 – 16:00**

Public field day

**16:00 – 17:00**

Break with coffee and cake

**17:00 – 17:30**

Guest lecture

**17:30 – 19:00**

Presentations by project partners

### **29 May (Summer Lentil Day)**

**14:00 – 16:00** Field trials presentation

**16:00 – 17:00**

Break with coffee and cake.

**17:00 – 19:00** Project partners' presentations and discussion about the current status of the project

We believe this event will provide an excellent opportunity to **exchange knowledge, discuss breeding progress, and strengthen collaboration and provide information to external stakeholders about the Lentil Innovation Community and our Project.**
